

Seed LIBRARY

Using the Seed Library

1. Choose the seeds you would like to grow.
2. Take the envelope(s) with your desired seeds from the cabinet.
3. Take the seeds home, plant them, and enjoy your new garden!

If you are interested in donating some seeds from your new plants:

1. Packages of seeds can be donated by placing them in the seed donation box next to the seed library.* Harvest seeds from a selection of your healthiest plants and bring them in.
2. If you have any questions, stop by the second floor Information Services Desk.

*For more on growing for and harvesting healthy seeds, see *A Seed Saving Guide for Gardeners and Farmers* from the Seed Alliance:
